The San Francisco Bay Area is blessed with people and organizations that foresaw the importance of preserving open space from being developed. Public and private organizations and individuals have worked diligently over the last several decades in this endeavor and we, in the SF Bay Peninsula, are fortunate to have several preserves for us to enjoy many activities afforded in our out of doors.

**Mid Peninsula Regional Open Space**
Find an open space preserve where you can hike, ride, walk the dog and more. Click the link below for a detailed map.
